Verse 1:

You might see me walking with a pen in my hand
I got my fist clenched tight from this adrenaline man
I need a sedative the ones they use for elephants, man
Cause it takes a lot to put a maniac in the sand
I must be crazy
To follow my dreams when parents raised me
To get a degree when I be ditchin' just to day dream
And lately
I've been still in the making
Patiently waiting for greatness to take me
Let's
Get away from the hate when it stack up
It aint tough to fall but it's tough to get back up
It aint fair but I don't care if I drop
No elevators here only stairs to the top
I keep steppin'
Gotta unique blessin'
Ya'll gonna keep guessin'
And I'll never be restin'
But that's okay
Never stop till I make it and put the finger up to the
hatin'

Chorus:

It's been a long time coming ,There's a lot to be said,
I wanna see these places that I dream in my head
And I've Come so far too long to turn back I wont stop
You will see where I'll be At the end of This Road

Verse 2:

Yo, you ever have one of those days?
Where you feelin' so high up above it
Rap till I die cause I love it
Haters wanna try and corrupt it
I'mma focus on bein' somethin'
Like someone
Who spit a verse and get the room jumpin'
Sayin' life's hard like math to an idiot
But to me it's nothin' but a garden and I'm diggin it
I aint never givin this, Up,
Feelin' limitless

I'mma have to give the kids a little bit of difference
Yeah
I'mma vet
I just see you as a starter kit
I draw a crowd better than a fuckin' artist did
And you can stand or sit
But if you reppin' real lyrics you gonn' stand for this
Livin' reckless
Tell me what the damage is
My answer is
Can anybody handle this?
Hearin' crickets
With every line I spit it's
Another step closer to the finish
Chorus:
It's been a long time coming ,There's a lot to be said,
I wanna see these places that I dream in my head
And I've Come so far too long to turn back I wont stop
You will see where I'll be At the end of This Road
Bridge:
Look into my eyes you gonn' see
I'm surprisin' the people who didn't believe
I been dying to leave my whole life on the beat
Now finally
I'm findin' my dream is reality
I
Live moments
Like they'd be my last
I don't write to pave the way
I just write to beat the past
And uh
To the cast
Of haters that make me laugh
I give you a standin' O
Aint takin' eyes off the road cause
Chorus:
It's been a long time coming ,There's a lot to be said,
I wanna see these places that I dream in my head
And I've Come so far too long to turn back I wont stop
You will see where I'll be At the end of This Road
