Did you really think, that i'd walk away  
Did you really think that i'd turn around

Did you think it wouldnt bother me  
When you said you didn't like me anyway.

Well as time rolls by, i've tried to move on  
But its been really hard, since you've been gone  
Moping Around not wanting to speak  
I've had seven girlfriends in the same old week

I've got everything i ever wanted and i'll never take that  
back  
You said you didnt like me anyway, and i thankyou for  
that  
Coz i've got a new girl,  
Got someone new,  
Got something to look forward to.

Then one came along, who is better than you  
That doesn't take much, so what can you do  
Will you follw my lead and get someone new  
The choice is yours, yeah its upto you

I've got everything i ever wanted and i'll never take that  
back  
You said you didnt like me anyway, and i thankyou for  
that  
Coz i've got a new girl,  
Got someone new,  
Got something to look forward to.

I've got everything i ever wanted and i'll never take that  
back  
You said you didnt like me anyway, and i thankyou for  
that  
Coz i've got a new girl,  
Got someone new,  
Got something to look forward to.
