"I will fucking kill you"

Somewhere along the way, hate became personified  
Anger took control and now has a hold on my mind  
In a flash of furious feat, I swing upon your street  
Bust into your house screaming "GET THE FUCK  
DOWN"

This ain't no goddamn game, get the fuck on that floor  
Do what I say fore I send you 6 feet down and more  
Trying to escape and claimin' you were bigger  
Just thought fuck the future threw my finger on that  
trigger

It's time you die fucker

Eliminate the evidence quick and fast and clean  
Leavin not a trace that anything had happened bad  
Take the body to the trunk and toss that thing in  
Heading to the woods for some grim dismemberment  
Cutting off the head and then dispose of arms and  
legs

Digging frantically shovelling a shallow grave  
Distance yourself from the area at once right now  
Now we hide and wait and hope no one finds out

Well it's the end  
Some people get murdered  
Well it's the end  
Some people get murdered

"I told you I wasn't just talkin' shit bitch"

Homicide  
Hopefully the case goes cold  
Homicide  
Hopefully the case goes cold

Well it's the end  
Some people get murdered  
Well it's the end  
Some people get murdered

Well it's the end  
Some people get murdered  
Well it's the end  
Some people get murdered

"I will fucking kill you"
