"Pain Multiplied By Ten"

Visit "[Pain Multiplied By Ten](#)" on MotoLyrics.com

It must be nice and swell
Inside your own hell...

"It's got a wonderful defense mechanism
You don't dare kill it"

Burning alive
My mind like a wick on candle
I hit the wax in sneak attacks
Flyin' off the handle
Keep goin' on
Ya won't live to see next week
But I feel some sympathy
So here's an exclusive sneak peek

I feel the pain
I feel the fuckin pain
I feel the pain
Dig in my mind

"It's got a wonderful defense mechanism
You don't dare kill it"

Scared to death
Twitching ever oh so violent
Death comes in three's ya know
Unpredicatble and silent
Start to panic
See ya climbin every wall in sight
Lookin for some sorta saftey
No one to protect you tonight

I feel the pain
I feel the fuckin pain
I feel the pain
Dig in my mind

Feel the pain
Feel the pain
Feel that fuckin pain
Ten times

Feel the pain
Feel the pain
Feel that fuckin pain
Ten times as much as you coulda thought yeah
Feel the pain
Feel the pain
Feel that fuckin pain
Feel the pain
Feel the pain
Feel that fuckin pain
Feel the pain
Feel the pain
Feel that fuckin pain
Ten times as much as you coulda thought yeah

I feel the pain
I feel the fuckin pain
I feel the pain
Dig in my mind
Dig in my mind
Dig in my mind
Dig in my mother fuckin mind
