"Pilot the Dune"

Visit "[Pilot the Dune](#)" on MotoLyrics.com

I said "I pilot." "I pilot."
I said, "I pilot the dune."
I said "I pilot." "I pilot."
I said, "I pilot the dune."

You better not let him see ya.
You always want to be-a.
And see your life all wrapped up see-saw.
You always wanted it there.

You think you will never take my sights, no.
You look at me and see my baby.
I live my life out back. You'll see you,
You see me in the mirror baby.

I said "I pilot." "I pilot."
I said, "I pilot the dune."
I said "I pilot." "I pilot."
I said, "I pilot the dune."

See your light won't see right through me.
You always wanted to be my baby.
You let it in and now the nuthouse...
You always wanted to be my baby.

Oh, you lay on,
Oh you lay on me... Yeah.

Well, there's just one thing I'd like to tell,
But I don't think you'd like it.
It's all inside,
It's all in the road,
It's all a lot of shit.

I said "I pilot." "I pilot."
I said, "I pilot the dune."
I said "I pilot." "I pilot."
I said, "I pilot that fucking dune."

Rain,
When it rains I feel love.

When it roars I feel hate.
When it rains I feel love.
When it roars I feel hate.
When it rains I feel love.
When it roars I feel hate.

Love when it rains.

Love when it rains;
Hate, when I feel.
Love
Oh,
Oh,
I feel.

Oh,
When it rains.
When it rains,
When it rains,
I feel love.
When it roars
I feel,
I feel.
Won't you fucking ride on?
