So many times
I was lost in my mind
Searching
For some other place I should be
Wasting my days
Looking everywhere else
Never seeing
That it's right here in front of me

Now, I can feel it calling me
No more running away,
'Cause I know where I'm meant to be

I'm coming home
There's nowhere else
I'd rather be now
I'm coming home
Back home where I belong

Night after night
So near, yet alone
Waiting
For that something that calls out to me

Was there somewhere I'd find
A new way, a new start
Just one place
That would oopen its heart up to me

Now, I can hear it calling me
No more running away,
'Cause I know where I'm meant to be

I'm coming home
There's nowhere else
I'd rather be now
I'm coming home
Back home where I belong

I'm coming home
You know, I hear it, hear it calling

I'd rather be now
I'm coming home
Back home where I belong

Now I know where I'm going
Taking the long road back
The closer I get, the more I can see
What home really means

Oh, I can feel it calling me
No more running away,
'Cause I know just where I should be

This is where my heart is
Back home where I belong
I can hear it calling
I'm coming home
