Many females wanna be me, sister Nefertiti  
Don't, take no mess from no creed nor sex  
So, be out my face with that mumbo jumbo bullshit  
you comin to me, with  
Cause I can sense a serpent from a mile, so I just  
put on my big black boots and start stompin  
Cause I can play that crazy bitch, with a uzi clip  
And that's just to let you know, that you can't fuck with  
my style, so don't even try, I'm the queen of my tribe  
My oh my there's a hole in the sky  
The government's covering the whole damn city  
and when, dark hits the street, it's the mark of the  
beast  
So you better beware, you better beware, uhh  
Cause this devil won't stop, straight up like six o'clock  
Float like a butterfly, could somebody tell me what am I  
to do, if the foot fits the shoe  
Wear it well, wear it well, and all of a sudden  
Somebody wanna push the button  
So who's the man, who's the man with the fucked up  
plan  
Helpin you dig yo' ditch, everytime you take a sip  
Don't drink the water

So put your hand on your hip and let your, backbone  
slip  
Busy like a beaver, turn up your receiver and  
don't drink the water man as far as the beach  
I wouldn't let that dirty shit touch my feet  
Don't need, no excuse to shoot  
While I gi-get down, deep into my roots, the truth is  
Woody's that don't give a hoot about pollution so  
who you think you foolin with that phony constituion?  
Tell it to a child that don't know no better  
While the ozone gettin thinner now who's slangin  
melanin  
Down the side, I was born, with a asiatic coat  
So the sun don't bother me at all thanks to my father  
Fire, water, a few filthy blankets  
Put us in them and keep us down, to a minimum  
It takes a nation of millions, to hold me black, trillions

mob through your village, whatever moves, kill it  
Sons, daughters, can't see the slaughter  
Whatever you do, I wouldn't FUCK with the water
