We were so close we could almost taste the air we  
breathe.

Once we had reached the state line

Dividing us and excruciating times.

Yeah, we could give it a go.

(No one would ever have to know)

And just so you know

I would never leave you

Stranded in an empty room.

Hoping that a rescue would come soon.

And if we never say another word

Please don't forget what you have heard

Please don't forget what you have heard

Please don't forget what you have heard.

We were so far we could not believe

The sights we'd seen.

And we couldn't remember

The last time

We thought about those excruciating times.

You see, I told you so

(No one would ever have to know)

But still, you had to go

When you did, you left me

Stranded in an empty room.

Hoping that a rescue would come soon.

And if we never say another word

Please don't forget what you have heard.

I won't forget what I have heard.

We can't forget what we have heard.

Please don't make it obvious

What you want from me.

Is all I want for you

Oh-oh-oh

I don't make it obvious

Who you want to be.

But you know you do.

Oh-oh-oh

Please don't make it obvious  
What you want from me.  
Is all I want for you  
Oh-oh-oh  
I don't make it obvious  
Who you want to be.  
But you know you do.  
Oh-oh-oh

Please don't make it obvious  
What you want from me.  
Is all I want from you.  
Oh-oh-oh  
I don't make it obvious  
What you want from me  
Is all I want from you.  
Oh-oh-oh
