I never thought that I'd  
Be back down this road so soon.  
Here I am and now  
Here I am so.  
Bust out the memories,  
Just make believe that it's not as bad as it may seem.  
Take comfort in knowing  
At least you had the chance to meet.  
I'll be just a step away  
Longing for the chance to once again not be a  
stranger.  
Believe me when I say  
That nothing will compare to this.  
I hope you know you will be missed.

Hey there beautiful  
You've got that something I adore.  
But by the time you hear this song  
You won't want me no more.  
And that's okay  
This is life and it's crazy.  
But by the way,  
Thank you love because you changed my life.

I always knew that you  
Were someone to be recognized.  
I tracked you down and  
instead of thinking I apologized.  
So skip the dramatics,  
Come up with tactics.  
And make myself good as new  
And take as a lesson  
The time I got to spend with you.  
And I'll be  
Just a step away  
Longing for the the chance  
To once again not be a stranger.  
Believe me when I say  
That nothing will compare to this.

Hey there beautiful

You've got that something I adore.  
But by the time you hear this song  
You won't want me no more.  
And that's okay  
This is life and it's crazy.  
But by the way,  
Thank you love because you changed my life.  
(You changed my life)

Your goodbyes to me were sealed with a kiss  
Left from someone else's lips.  
Because you've changed  
And you're on your way.  
Your goodbyes to me were sealed with a kiss  
Left from someone else's lips.  
Because you've changed  
And you're on your way.  
(you're on your way)

Keep me guessing...

Hey there beautiful  
You've got that something I adore.  
But by the time you hear this song  
You won't want me no more.  
And that's okay  
This is life and it's crazy.  
Just maybe....  
Keep me guessing  
Keep me guessing.  
As long, as long, as long  
As I can guess  
I still have  
Girls.
