PJ:

It's me the young boy I love to shine
Kick back jump then I press rewind
See shawty over there and she know she fine
And if I walk right pass then I'm on her mind

Cause i'm fresh (oh) from head to toe
Adidas on my feet yeah i'm oh so cold
Black and gold over show
With a bucket cango and a dooky roll

See enough about me i wanna know about you
Who are you and where's your crew
It's a little convo for me and my dudes
After that it's just me and you

I wanna see you dance see you fall
Pick you up and wipe you off
This right here is some sc talk
So lend me your ear and most of all girl...

CHANI:

Don't be shy
Don't be scared
Let me see you over here
We can do this all night

Put your hands up on my mike
Dip with it dip with it and pick you up with it
If you wanna get with this
You gotta remember this

Everybody in the front
Do ya dance do ya dance
Everybody in the back
Do ya dance to the left to the right come on

CAM:

I see your butterfinger licorice
How many wishes do you wish
Kool-aid smile that caught my eye

Girl you playing like you shy

You got me lookin crazy
I see you tryna play me
I'm never ever lazy
The girls they always chasin me

Oh no, so wipe me down

With your watermelon lip gloss yeah you got me now

Baby girl just roll on over and talk to me
Stop acting like that girl you oughta be
Ashamed of yourself cause it's clear to see
That i'm feelin you and you feelin me

With ya baby phat and ya a-town hat
Slightly tilted to the back
I can see yo eyes and they tellin me that
