I'm happy just to be with you
And loving you the way I do
It's everything I need to know
Just resting in the afterglow of your

Love, love is all around me everywhere
Love has come to touch my soul with someone who
really cares
No one can deny us
People who once passed me by will turn their heads
'round

I'm happy just to be with you
And loving you the way I do, yeah
It's everything I need to know
Just resting in the afterglow of your love

You, yes you have always been here feeling deep
inside
A feeling that I could not see or touch, or try to hide
My love is in and around you, hey
I bless the day that I found you so listen up baby

I'm happy just to be with you
And loving you the way I do, yeah
It's everything I need to know
Just resting in the afterglow of your love

Life's always beautiful baby

Love is like a voice in my head
Keeps turning 'round the things that we said
Yeah, hey hey

I'm happy just to be with you
And loving you the way I do
There's everything I need to know
Just resting in the afterglow of your love

You know, now I'm [Incomprehensible]
