What? Where my ladies at?
Where my ladies at?
Let's do this, uh, menage a trios style
It's the 90's and regular sex is played out
I need two women, at one time, one time!

What?
Let's take it back, to the day we first met
I see you and your girls buyin' purses
Lookin' like two Miss Universe's

Make a nigga wanna curse shit
Who them two bitches, let me go
Been a couple of verses, see if I can work it
I dropped some money on purpose
You picked it up and said, "I dropped some"
Stop frontin' you can tell from my watch that I got
somethin'

And that I squat somethin' nice, pop somethin' nice
Up in the air so elegant you can tell I pimp but that's
irrelevant
And I can tell by the way you and yo girl hang tight
That y'all be doin' y'all thug thang at night, somethin'
like dikes

Ain't nothin' like, two girls makin' love to each other
Ain't nothin' like, two girls bustin' nuts up on each other
Ain't nothin' like, two girls at the club, rubbin' on each
other
Ain't nothin' like, two girls kissin' and huggin' on each
other
Ain't nothin' like, two girls just suckin' on you like a
sucka
Ain't nothin' like, 'cuz we fuckin' each other, in a
menage a trios

Can we get freaky tonight? I want you and your girl to
come by
I like to do menage a trios, I like it when you do me, do
me
Can we get freaky tonight? I want you and your girl to

come by
I like to do menage a trios, I like it when you do me, do
me

Me and you menage a trios bring along another star
Drinky drinky at the bar we can freak it in the car
You know how we do it ah, you got to influence her
Let her know which two of us, me and you, and her and
Yuk

You want me to set it up, get that pussy wet it up
Bitch you betta shut it up, there won't be no lettin' up
You know what's ahead of us, video tape, no editors
I be the executive, producer while y'all sex it up

Kissin' up, put the pissin' up, pussy like that gotta
switch it up
I know what's like dickin' up, dildos, ticklers
Pickin lips, ridiculous, gotta get a lil' mo' sick wit us
'Bout this time I'm 'bout to bust, spend up shit like
steaky luck

Damn you know this cock is hot but you know what's
really hot
Bitch you fuckin' rap a lot and this shit will never stop
For all my dawgs, I'm gettin' y'all in here
Menage a trios and enjoy yourself come on, uh!

Can we get freaky tonight? I want you and your girl to
come by
I like to do menage a trios, I like it when you do me, do
me
Can we get freaky tonight? I want you and your girl to
come by
I like to do menage a trios, I like it when you do me, do
me

Spend the night with me, I'll spend the night with you,
ooh, ooh
Spend the night wit me, don't care what we do
Just as long as I'm with you

Now we can kick it in my four point six, bangin' it's all
on a bitch
You lickin' my dick, wit yo ass up in the air she lickin' yo
clit
Now that's the shit you wonder why they call me Hugh
Heff
'Cuz I keep two chicks runnin' around butt naked in my
duplex

Screamin' who's next, yup in this life that I'm livin'
I can't escape I'm in love wit two women
Swimmin' in two women at once or I can relax, just
hittin' on blunts
While y'all lickin' on cunts, get shit crunk

I visioned it once, then tweedle dum I'm in a threesome
Wit me some bad chicks, hungry fo' dick so I'ma feed
'em
We some fools off the cool gone off Xtacy and
mushrooms in the room
I can do it slow or I can room a zoom zoom boom

Into that pussy like a bullet wound put on my fruit of the
looms
And then I creep out the room
'Cuz if you baby daddy find out what we doin' you
doomed
I'm out, so I'm out

Can we get freaky tonight? I want you and your girl to
come by
I like to do menage a trios, I like it when you do me, do
me
Can we get freaky tonight? I want you and your girl to
come by
I like to do menage a trios, I like it when you do me, do
me

Spend the night wit me, I'll spend the night with you,
ooh, ooh
Spend the night wit me, don't care what we do
Just as long as I'm with you

Look check it out Yuk
I'm not a freak or nothin' but umm
I like to do this menage a trios thing you know?
Girl you know I like it too shit

You know, doin' it wit you is cool, but umm
Wit yo girl it just makes things
Twice as good, she's better umm hmm
Hell yeah
