"On And On"

All the songs that I've sung you
More often than you know
You're the love that I've clung to
More often than I've let it show.

And I wish you would leave me
And I wish you would go
And I wish you didn't need me
And I wish I didn't love you so.

Cause I just can't go on
So please don't do me wrong
No I won't do you harm
My love for you goes on and on

There's no one else I want beside you
Give me your coldest shoulder to cry upon
You're never anywhere I find you
You're never anything I rely upon.

And I wish you would leave me
And I wish you would go
And I wish you didn't need me
And I wish I didn't know.

That I just can't go on
So please don't do me wrong
No I won't do you harm
My love for you goes on and on and on and on...

And I wish you would leave me
And I wish you would go
And I wish you didn't need me
And I wish I didn't love you so.
