[Funk Interlude]

hoods! haha c'mon now
huh! haha hey!
feel tha funk, feel tha funk

i saw a man outta town catch a beatdown
a crowd of people around as fell to the ground..
(yo, no-one tried to help?)
no, they didn't want to get involved (what?!)
so the man's dissolved
like a vapour,
a brand new caper
media loves it-its good on paper
just an uncle
a new statistic
hulk it up a bit
and next comes polictics
so i bow and my head and pray-yuh
cuz jah's the only who'll save ya
words of wisdom is what i'm giving
learn to love life, cuz life's worth living
wake up, chin up my boy get some sense
my name is Suave, i'm jah sent

hoods! haha c'mon now
huh! haha hey!
yeah

so i flip thru of the pages of the ews
a mother's in jail cuz her kid she abused
claimed it was always cryin' (baby crying)
now it lays in a hospital bed cuz its dying
too many blows not givin' not enough time
taking babies to sleep and never awaken
singer sings the blues (scooby-doo-scooby-doo)
and the mother makes front page of the news
this is everyday scene of violence
so i take a moment of silence..
(wakeup, wake up wake up)
i'm Jah Sent

hoods! haha c'mon now
huh! haha hey!
yeah
i'm jah sent

so wake up outta bed,
let down ya dreads
heed the words of whats been said
the judgment day is coming surely
i feel for those who have been judged poorly
cuz the party's over the party over budabyebye
the party's over the party's over hey hey
the party's over the party's over budabyebye
the party's over the party's over hey hey
i feel tha chaos comin'
the wicked man just keeps on runnin'
a man sells a drug to another man
even his brother man, he don't give a damn
who gets get caught in the crossfire
cops are crockin' another sucka for hire
so what if the brotha sells crack?
just give his cut from the top of the stack
but what is left when all is spent?
the message i'm tryin' send
is i'm Jah Sent

hoods! haha c'mon now
huh! haha hey!
yeah
i'm jah sent

uh
yeah you we got tha funk (tha funk tha funk etc..)
check it out yeah
got my man booker t in tha house
so go rip it

(Thick rasta vocals to the end)
