Do you hear what I feel  
No  
Is it hitting the fan, oh  
Is it all that we had sliding  
So, Did you see what I did  
Low  
Who really is in prescribing to cover up empty

Iâ've been hanging on  
What was here in place of  
Shoes on dashboard  
Windows down air blows

Not a typical hi when we let it go by  
Could angels stop the plummet  
Here Iâ'm letting it all go for someone to gather fragile  
condition  
Did you know my heart  
Oh if love was a thing that humans should translate  
My, oh darling and I know  
Itâ's going to take some time and resolution

I remember the way you looked through my eyes and  
words began floating  
When our worlds collided, still we tried to fight it  
Fallen mission
