"Let Yourself Go"

Visit "[Let Yourself Go](#)" on MotoLyrics.com

Feel like dancing now
Like romancing now
Feel like getting down (way-o way-o)
I've been watching you (ah)
From across the room (girl)
And I'm so into you (come on)
Girl I, girl I need to hold you (girl I need, girl I need)
And I, girl I need to touch and kiss you (baby I would do
me all night)

Just let yourself go
Baby let me do you some more
Let me work your body down low
Let me do it 'til you like way-o way-o way-o (come on)
You know
I'd love to take you down low
Let me see you work it some more
And get it jumpin' like way-o way-o way-o (here we go,
oh)
Ahh yea (aye) wanna rock your body baby
Ahh yea wanna rock your body baby
Ahh yea wanna rock your body baby
Ahh yea wanna rock your body baby (aye, aye, aye)

There ain't no stoppin' now
We're heatin' up it now
Let me rub you baby (ooo)
We got something something (you know what)
Got the party jumpin' (get on up)
You so sexy baby (you so sexy)
And I wanted you to know that
Girl I, girl I need to hold you (girl I need, girl I need)
And I, girl I need to touch and kiss you (baby I would do
me all night)

Just let yourself go
Baby let me do you some more
Let me work your body down low
Let me do it 'til you like way-o way-o (here we go like)
way-o
You know

I'd love to take you down low
Let me see you work it some more
And get it jumpin' like way-o way-o way-o (here we go,
oh)
Ahh yea (uh ya) wanna rock your body (hey) baby
Ahh yea wanna rock your (here we go) body baby
Ahh yea wanna rock your body baby
Ahh yea (uh hey) wanna rock your body baby

Cute lady, Oh baby (ooo yea) (just let yourself go)
If you want it (Smujji)
We got something something (you know what)
Got the party jumpin' (get on up)
You so sexy baby (you so sexy)

Just let yourself go
Baby let me do you some more
Let me work your body down low
Let me do it 'til you like way-o way-o (here we go like)
way-o
(ooo) You know
I'd love to take you down low
Let me see you work it some more
And get it jumpin' like way-o way-o way-o

Just let yourself go (hey)
And let me do you some more (you know)
Let me work your body down low
And let me do it 'til you like way-o way-o way-o (just let
yourself go)
You know
I'd love to take you down low
Let me see you work it some more (ahh)
And get it jumpin' like way-o way-o way-o
