He's one in a million  
I don't know when I'll be seeing him again  
He wants to live in a city  
Move there and he was just seventeen, just seventeen

But no I'm not prepared, no I'm not prepared  
My heart's beating really fast, really fast  
But I wanna go there, but I wanna go there  
Lets walk a little further, you know I wanna be there

I wanna go wherever, whenever you wanna go  
wherever you wanna  
I wanna go with you  
I wanna go wherever, whenever you wanna go  
wherever you wanna  
Can I go with you

He stares so politely  
I'm best behaving when he's walking with me, walking  
with me  
He likes taking photos in black and white  
They're upon his walls, on his walls

No I'm not prepared, no I'm not prepared  
My heart's beating really fast, really fast  
But I wanna go there, but I wanna go there  
Lets walk a little further, you know I wanna be there

I wanna go wherever, whenever you wanna go  
wherever you wanna  
I wanna go with you  
I wanna go wherever, whenever you wanna go  
wherever you wanna  
Can I go with you

I wanna go wherever, whenever you wanna go  
wherever you wanna  
I wanna go with you  
I wanna go wherever, whenever you wanna go  
wherever you wanna  
Can I go with you
