I guess I'll hang around a little while, while you here
No, I don't feel like being somewhere else
I guess I wouldn't mind to fall in love a little bit
Ouch, I think I fell a little more

Hanging on to nothing
I wouldn't change a thing
Stay where you are now

Oh no I've said too much
Got both feet in
My dear you fear too much

I'm just a little bit love ridden
I'm falling in to you

I'm just another tourist making stops, but it's clear
No, I'll never leave without you
Tell another story of love and loss and fear
No, we have another night to kill

Hanging on to nothing
I'd do it all again
Stay where you are now

Oh no I've said too much
Got both feet in
My dear you fear too much

I'm just a little bit love ridden
I'm falling in to you

Crash through clouds and then we'll know
Don't look back I want you so

Love ridden
I'm falling in to
Love ridden
I'm falling in to you

Oh no I've said too much
Got both feet in
My dear you fear too much
Just keep breathing

Oh no I've said too much

Got both feet in
I hope it's not too much

I'm just a little bit love ridden
I'm falling in to you
