### "Do You Want To Talk All Night?"

Visit "[Do You Want To Talk All Night?](#)" on MotoLyrics.com

Do you want to cry all night  
or find something to talk about  
I know you, I know you would  
never leave the best parts out

Do you need to be there  
when the lights go down and the curtains up  
I've spent I don't know how many nights  
sipping your tears from the loving crowd

Do you want to talk all night  
or find something to cry about  
Such a hearty smile  
You're such a curse sometimes

Do you need to be there  
when the lights go down and the curtains up  
I've spent I don't know how many nights  
sipping your tears from the loving crowd

Cry  
Cry  
Cry  
Cry
