What you gonna do, touch me baby  
Am I in love, kiss me baby  
I wanna feel you closer to me  
When I start to like someone  
that person is reflected in my Pureyes  
I want to know for sure baby, cuz I'm  
Falling for you

Don't you feel, I can feel  
When the beat I had forgotten start to echo  
I know the reason why  
I can see the world that I couldn't see before  
I arrange the words in my message  
to you in a casual way  
Unconsciously, the distance between  
us is getting smaller

What you gonna do, touch me baby  
Am I in love, kiss me baby  
I wanna tell you about the feeling overflowing inside  
When I had realized that this was love  
it was already too late, cuz I've fallen into it  
and nobody can stop me from  
Falling for you  
Wake me up, light me up  
This painful heart is whispering to me  
Dive in love, fall in love  
but not all my feelings are clear yet  
The love that keeps coming back  
won't be defeated by the tears of yesterday  
So I search for happiness  
In the proof of my strength

\*Repeat

What you gonna do, touch me baby  
Am I in love, kiss me baby  
Let me feel the warmth I've come to love  
When you hold me closely in your arms  
everything becomes new again  
Everything around me is sparkling cuz I'm  
Falling for you  
Everything around me is sparkling cuz I'm

Falling for you
