(Verse)

They say more money more problems you pussies
can't afford it
I'm from a city they'd kill you just for a pair of jordans
Only problem I got in the morning
Is should I Louie Vuitton for 'em
Cocaine prices fuck my new bitch
You can die hope a rap dog this shit ain't sweet
Be real with what you say hear the things you tweet
It was like 60 niggers in my city shot last week
So it's fuck you pay me, the crib came first
Niggers wanna be wavey but can't remain curent
Niggers say that I'm Jay Z and borderline Curtis
'Cause when you at the crib I be over time working
Money, power , respect
Money, cars and hoes
Niggas sell their soul to go gold
Niggas tell their bitch to go home
Better keep that girl on ten toe
Saying I don't like 'em dark better check my record
Came along but I left with a kiki shepard
20 shots of Patrone damn that's so reckless
Pub deals with producers looking my M dabbers
I made it back, I made it back
They shitted on me now they wanna take it back
And rumor is I get 20k a track
Up in Rocksberry next to Cali prack.

(Hook)

I hit rock bottom,
Now I'm on top of
I'm on top of the world
And I'ma and I'ma and I'ma
I'ma I'ma , I'ma stay here
I'ma I'ma , I'ma stay here
I'ma I'ma , I'ma stay here
I hit rock bottom,
I hit rock bottom

(Verse)

Sitting on the moon sunning niggers
These niggers making it fun I'm just making fun of
niggers
'Cause niggers talking too small
Fuck your bitch in the crew and caught her walkin
through bars
And niggers pussy ya a gucci con
'Cause I make G's back to back like a gucci sign
My crew be by Louie Louie to the Louie Vuitton
Fuck the judge and the jury long as my jewelry shine
My bitch real, shit ill, sick heels
Dope boy 'cause I'm fish scale with the dick skills
Big deal , deal big real big
And big for real not doing it just to feel big
Cheddar got forever fly , never I
Man a dish would mean a better fly clever guy
If I said that I'ma set it , I'm probably about to set it on
Nigga if this is on your fucking mind then you should
get it off.

(Hook)

I hit rock bottom,
Now I'm on top of
I'm on top of the world
And I'ma and I'ma and I'ma
I'ma I'ma , I'ma stay here
I'ma I'ma , I'ma stay here
I hit rock bottom,
I hit rock bottom
