You know what
I'd like to send my condolences out
To the whole Jackson family
Be so real
I feel Mike was one of my family members man
He was one of the closet things to home
Without actually being at home
And I only need to say that we love you Mike

Put your lighters in the air
If you love him
Yeah, everybody put your lighters in the air
If you love him
Yeah, the tribute
To the greatest that ever did it
Okay, pay homage to the kid

You gone too soon dawg
No more smooth talk
No more white glove
No more moonwalk

Showed me how to look at the man in the mirror
I see how the heal the world you couldn't paint a better
picture

Michael we miss you
What we do without you
I'mma keep you in my heart no matter what they say
about you

How can I explain this
There never been a man better
When it comes to entertaining

So haters take a beating and leave alone
Damn you shined, I remember the time(I remember
Mike)

And Billie Jean was not my lover
It made sense for the public, Mike we love ya

Mike we love ya, Mike we miss ya
There could never be another entertainer
Mike we love ya, Mike we miss ya
I swear that heaven sent down an angel
When He sent you, When He sent you, When He sent
you

Put your lighters up, put your lighters up

Remember the times
Tell me was it Dirty Diana
Or Billie Jean that had me wildin' for the camera
Or people screamin' for the video with Janet
Or them concert tickets that we can't afford

We miss you dawg that's real
I feel like one of my brothers got killed
Saw you moonwalk first time got chills
Thought it was a dream what you lived through killed

Despite him and Trey Songz beefin'
They need to get ready for the double up remix
Why beat gangs, MJ chain
On the way baby I can drop 20ks

Make em say young when I put them gloves on
Everytime is a Thriller, got them number ones for em
We miss you dawg and that's real
Now off to Neverland with the triple stack wheels

Mike we love ya, Mike we miss ya
There could never be another entertainer
Mike we love ya, Mike we miss ya
I swear that heaven sent down an angel

When He sent you, When he sent you, When he sent
you

Hey this goes out
Public Service Announcement
My brother ain't here with me
But if he was, he would tell you motherfuckers

Let's Go
Michael Jackson
The Greatest of all Time
We bow in the prescence of greatness
We Love Ya
And our lighters still up for you
We love ya
And you we do is for you

Let's Go
