Aiyyo, somethin' funny, somethin' got you caught up in  
digs

It's me, why you wanna pimp with today?

Two made from the boy, yeah

Now, helpless, he's tryin' cause he full of giggles

You gonna need more than an iron to stretch out ya  
wrinkles

You startin' so ordinary, and me, map me out for  
sprinkler

You got the fever for the flavor for the giggles

Who got the giggles is the jam of December, hey

I remember we release specifically

Back in grammar school days it's me the E's-M-T

Totally and directly, wonder, more than too fresh and  
nuttin' really else today

It was my accent and where I came from that ya really  
hate

The 'N' wear - Levi's, Pumas, struggle Adidas

Some say I'm with the losers cause I didn't have the  
ladies

No R-E-F-P's, the T as we can't get no punanny

Definitely hittin' them daily

Now I roll with the squad that's so hard and makes  
you wanna catch an erection - relax man!!

I don't allow you to put-out actin' on if the one's  
direction

So it's Pete Prop, yo what's up man, hah

So if ya were thankful then I see cause the paper  
gettin' murderin' like the a-lovin' - now the news -  
Rodney King is

now with the double list comin' through your speakers  
remember durin' steebers, why don't you get your  
speakers tweetered, whoo!!

(Chorus)

Who got the giggles?

You got the giggles, they got the giggles

Everybody got the giggles

Who got the giggles?

You got the giggles, they got the giggles

Everybody got the giggles

(Pras)

Now ya wanna be down, you come around, touch gun  
of the town

You gotta dig my sound - Wow!!

It seems like everybody's jumpin' on the bandWAGON!!

Her money grabbin' a chick is a suburban dragon

I wasn't all of that - rappin' - but this is now

What's the matter? Ya milkin' like a freakin' cow

Cat guns yo' Tennessee, here kitty, kitty, kitty

Here pussy, pussy, pussy, pussy cat

You start to smell like one - all you really are was the  
head

I wanna give a shout-out to those who try and curse  
my fave for ??? gat, you were funny though

Shall, shall, leave the play-down

These are the things we can do without, huh

So what's this all about man?

Just when I thought I was chillin' with my Lee's  
and my fellas, seeds and my pro-kicks

My style was so deaf, "thuggin' won't even make it  
fresh" he said

So now I need my tracks that ?bite-neck? Fred

It's that ya mess with, it's just stitches that I thread

Loadin' the clip for-go-twenty-four-Karen-Lead

her double-days, puttin' 'G' at her head - RAPOW!!

You're dead

(Chorus)

Who got the giggles?

You got the giggles, they got the giggles

Everybody got the giggles

Who got the giggles?

You got the giggles, they got the giggles

Everybody got the giggles

(Chorus: Lauryn Hill)

Who got the giggles?

You got the giggles, they got the giggles

Everybody got the giggles

Who got the giggles?

You got the giggles, they got the giggles

Everybody got the giggles

(Pras)

You ever havin' the giggles to the HUH!!

The hiccups, the kinda hiccups that makes ya wanna  
come up

In your face and throw up, you're totally ?smuck?!!

You feelin' dirty and quitter, you neither or either a

home or hitter  
much more like Peter but couldn't beat her pick  
caught in the middle with the rhythm, you're feelin'  
wish she trippin', you'll be livin' with the A-  
hahahahaha.....  
The giggles

(Chorus)

Who got the giggles?  
You got the giggles, they got the giggles  
Everybody got the giggles  
Who got the giggles?  
You got the giggles, they got the giggles  
Everybody got the giggles

Who got the giggles man? Who got the giggles man?
