Naughty B, Naughty B
Ladies hands up
Puerto Rican and Elroy Jetson
Yeah
Young LA
Yeah
Come on

Shawty gone and hop in my ride
I'm talking 'bout that futuristic love, are you with it?
I think I wanna Elroy you, so come sex me
With that stupid fruity swag tell me, what it's gone be?

Shawty gone and hop in my ride
I'm talking 'bout that futuristic love, are you with it?
I think I wanna Elroy you, so come sex me
With that stupid fruity swag tell me, what it's gone be?

It's Young Elroy, what's up Babydoll?
I love your slim waist and long hair, Barbie doll
I can be your Ken, your homie, lover, friend
Candle lit, ooh baby, we can get it in

Futuristic lovin', R & B thuggin'
Lookin' in the mirror, even hit the dougie
Left hand behind my head, I'm tryna rock the bed
Elroy ya then fall asleep between ya legs

I'm a make your beg, daddy bring it here
Wood on deck, shawty you can get it here
Ladies stand up, throw your hands up
Stupid fruity love 'cause baby, this the anthem

Shawty gone and hop in my ride
I'm talking 'bout that futuristic love, are you with it?
I think I wanna Elroy you, so come sex me
With that stupid fruity swag tell me, what it's gone be?

Shawty gone and hop in my ride
I'm talking 'bout that futuristic love, are you with it?
I think I wanna Elroy you, so come sex me
With that stupid fruity swag tell me, what it's gone be?

Five one, brown skin, itty bitty waist
110, long hair, with the baby face
Like Babyface, she got whip appeal
She ain't nothing but a stallion in stiletto heels

Can you picture that? I tried to paint it clear
Space Age 6 'bout to take us outta here
Swagg mixed with flavor, don't you like my swavor?
I'm a hit you right now then hit you later

I gotta foreplay with ya all night, shorty
Straight put ya in the buck full dawg, shorty
Ladies stand up, throw ya hands up
Futuristic loving, baby, this the anthem

Shawty gone and hop in my ride
I'm talking 'bout that futuristic love, are you with it?
I think I wanna Elroy you, so come sex me
With that stupid fruity swag tell me, what it's gone be?

Shawty gone and hop in my ride
I'm talking 'bout that futuristic love, are you with it?
I think I wanna Elroy you, so come sex me
With that stupid fruity swag tell me, what it's gone be?

Yeah, it's another one, Young L A
It's ya boy, Puerto Rican
[Incomprehensible]
Figured we could like smoke something
You wanna get on my spaceship?

Shawty gone and hop in my ride
I'm talking 'bout that futuristic love, are you with it?
I think I wanna Elroy you, so come sex me
With that stupid fruity swag tell me, what it's gone be?

Shawty gone and hop in my ride
I'm talking 'bout that futuristic love, are you with it?
I think I wanna Elroy you, so come sex me
With that stupid fruity swag tell me, what it's gone be?
