Hey!
Hey!

This is murder, GO!

Hey, pretty girl let's have a party tonight
I'll be your Frankenstein and you love at first sight
'Cause you're a graveyard digger a coffin case sinner
I think I fell in love with a serial killer
Hey, pretty boy let's have a slaughter tonight
She's gonna cut you up and spill your guts out with a
knife
This massacre's for killers I wanna be a sinner
You're the one who's dead so take your last breath

Serial killer girl you're such a murderer
I'll be your victim number one
So please kiss my lips and kill me quick I'm just another
dead kid
Serial killer girl you're such a murderer
I'll be your victim number one
So please kiss my lips and kill me quick I'm just another
dead kid

Hey, pretty girl let's have a party tonight
I'll be your Dracula and I will take the first bite
'Cause you're a vampire slayer my pretty little killer
I think I fell in love with a beautiful sinner
Hey, pretty boy let's have a slaughter tonight
She's got a crucifix and she's gonna take your life
This massacre's for killers I wanna be a sinner
You're the one who's dead so take your last breath

Come on, come on, kill me
Come on, come on, come on, kill me now
Come on, come on, kill me because this is murder
Come on, come on, kill me
Come on, come on, come on, kill me now
Come on, come on, kill me because this is murder
