Ooh oh yeah
Ooh yeah yeah

You're the first, baby you're the last
Just come closer but not too fast
Wherever you'll go - wherever you are
You're my shining star
You're the first, you're my everything
You're my dream, written in the wind
Wherever you'll go - wherever you are
You're my shining star
Anywhere I go - I will go with you
Anytime I'll show - that my love is deep and true, oh

Will you promise to believe - I promise you my heart
I would die for you - so come let's make a start
Will you promise to believe - that I will be the one
Love is here I swear, but baby you are gone
Oh I'll give you my life, I'll give you my heart
You're so good to me - let's try a new start
I'll give you all, we'll end up in heaven
Please close you're eyes and just let it happen, girl
You're my everything

Oh you're my everything
Yeah - you my everything

You're the light - that guides my way
I'll love you more, every single day
Wherever you go - wherever you are
You're my shining star
Oh we had it all - where do we go from here
I'm waiting for you're call - cry many tears

Will you promise to believe - I promise you my heart
I would die for you - so come let's make a start
Will you promise to believe - that I will be the one
Love is here I swear, but baby you are gone
Oh I'll give you my life, I'll give you my heart
You're so good to me - let's try a new start
I'll give you all, we'll end up in heaven

Please close you're eyes and just let it happen, girl oh

Will you promise to belive - I promise you my heart
I would die for you - so come let's make a start
Will you promise to belive - that I will be the one
Love is here I swear, but baby you are gone
Will you promise to belive
