Chorus X2

Baby do yo thang for a little bit of change
All these fucking bands got her dancing in the rain
Dancing in the rain got her dancing in the rain
All these fucking bands got her dancing in the rain

ABE

A lil change an understatement
Imma make it thunder
Cause girl that thang you got
Can be seen by Stevie Wonder
Back it up I wish you would
I hitchu with that lumber
Un- that booty stupid
The way you shake it even dumber
Pussy poppin' to the max
Feel like throwing all these stacks
Got me pulling out these racks
It's raining 20's on your rack
Better bring a mop
She might slip from all that guap
Girl- bring that booty up
And make that motherfucka drop
You on't think it's big- just do it
As long as you can move it
YP the TLB recruiter
Might put you in a movie
Put chu in a movie
We might put chu in a movie
Lets see how you do it
We might put you in a movie AYEE!

Chorus X2

Baby do yo thang for a little bit of change
