Yung Prince

Wake up In the morning
my baby cooking
making me them eggs
I'm steady lookin'
she looking right
body like a goddess
boy shorts she rockin'
she gone ignite my rocket
come here
let me whisper in yo ear
cause I'm thinking nasty thoughts
And I think you wanna hear
let go and lay you down
hold on we going down
let me go and dim the lights
Oh yeah it's going down

Chorus

If you wanna touch do it slow - it slow
If you wanna fuck then lets go -lets go
what we bout to do involve no clothes- no clothes
make sure that chu keep it on the low- the low

If you wanna touch do it slow - it slow
If you wanna fuck then lets go -lets go
what we bout to do involve no clothes- no clothes
make sure that chu keep it on the low- low

ABE

Sparks fly
here we go again
she got that fye
she ignite my flame
she got that flame
head game so insane
she use it well
I'm talking bout that brain
she bad as hell
she think that she a diva
she love her clothes
she quite the fashionista

but I love it when she take em off
cause she don't need em
ya body smoking baby can you pass the reefa
she take it off slow
she like to be a teaser
but when we hit that bed she set it off like Queen
Latifah
shots fired
I'm talking back shots
she go crazy when I hit that spot
that's my baby
she love me to death
oh yes she do
and she the best
nothing less
the fucking best
sex game the truth
I confess

Chorus

If you wanna touch do it slow - it slow
If you wanna fuck then lets go -lets go
what we bout to do involve no clothes- no clothes
make sure that chu keep it on the low- the low

If you wanna touch do it slow - it slow
If you wanna fuck then lets go -lets go
what we bout to do involve no clothes- no clothes
make sure that chu keep it on the low- low

Yung Prince

The way that she move make a nigga really wanna hop
on that ass
I love how she can shake it real fast
then slow it down for you then bring it right back
Un- she got be feining dreaming fantasizing about her-
her body
good girl but she can get naughty -UN and she know
how to party
lingerie is what I prefer - do it on the bed or the
banister
do it here
do it there
we can even do it up on the chair
make you moan- make you groan
thank goodness anit no one home
go and play yo favorite song
let me put chu in the zone
go and grab my shoulders
imma take you for a ride
while I kiss up on yo breast

If i go low don't be surprised
go ahead and close yo eyes
just let me take control
imma take it real smooth
just call it cruise control
It's getting hot
we keep switching positions
we making love in the bed
anit no need for sleeping
every week
we doing it
sex game good
I keep proving it

Chorus

If you wanna touch do it slow - it slow
If you wanna fuck then lets go -lets go
what we bout to do involve no clothes- no clothes
make sure that chu keep it on the low- the low

If you wanna touch do it slow - it slow
If you wanna fuck then lets go -lets go
what we bout to do involve no clothes- no clothes
make sure that chu keep it on the low- low
