(Chorus) (X2)

I don't know where the coochie at?
i don't know how to hit the cat?
You didn't think i could handle that?
HA HA HA-HA HA HA

Check this now put it on ya check list i beat the pussy
real good and real reckless
i had your legs open wide like a fuckin door i had yo
ass fening back for some fuckin more
my guy upstairs with his ear up on the floor while i beat
the pussy up while you beg for more CLAP CLAP that's
all you hear that's what my guy said BANG BANG while
i hit yo ass up on the stairs

the truth is out there's no need to lie about it

it shocked me! the way you tried to slide about it you
tryin to get mad sayin i anit hit it right knowing you will
be back at the end of the night

you fucked up tryin to tell people dim lies i thought you
was cool but you a hoe up in my eyes don't call me
don't text me just leave me alone i don't wanna see ya
name up on my phone

(Chorus)X2

I don't know where the coochie at?
i don't know how to hit the cat?
You didn't think i could handle that?
HA HA HA-HA HA HA
