(Chorus x2)

Here I stand
Standing all alone
People changed that's why I'm on my own
I anit worried bout nothing cause one thing I know they
all frontin

A lot of people changed now
They see I'm making bucks
When they see me dey be acting
Like they give a fuck
Hey Prince how you been?
You still rappin folk? I heard chu gotta deal
I heard chu finna blow all these hataz
All these hoes tryin to pull me down
It's kinda funny but dey just be lookin like some clowns
Dey need to move around I'm finna juke
On em 1-2 touch down yeah I moved on em
Dey see I'm doing me I anit neva stopped
They still hating cause they still anit making guap
Yeah I'm rising to the top call me a star
Every where I go people be like you are-- Yung Prince
Yeah the name is so official like a referee whistle
Or a cap gun or a pistol oo yeah my money
Always coming so you hataz can't say nothing

(Chorus x2)

Here I stand
Standing all alone
People changed that's why I'm on my own
I anit worried bout nothing cause one thing I know they
all frontin

I never trusted a chick they be playing games
I'm all about my money all about my damn change
Yeah I'm gunna change the game when I blow up
I make these haters sick I make em throw up
My money so crazy I got a lot of it sitting on my ass
I anit gotta do shit yeah being rich daz a good feeling
Especially when you know people still hearing lyrics
That chu be spitting my money crazy my money
Is super crazy kinda like yo main lady she umm-came

To my crib and umm- sucked on my dick & ah
She really want it so I gave it to her quick
This is- a fucking freestyle up on the second verse
And if you fuck with me I will leave you in a hearse
I got alotta dough I know u want a verse up
On my songs but chu know that's gunna cost ya

(Chorus x2)
Here I stand
Standing all alone
People changed that's why I'm on my own
I anit worried bout nothing cause one thing I know they
all frontin
