(Chorus X2)

I'm all alone in this room in the dark
No where to go no where to restart(X3)

I know I did some thangs man I just need to change
I been up in the game I'm doing crazy thangs
I fucked with nasty hoes
I'm in it all alone no map or no directions
Man where do I go
I'm like live T.V. I anit predictable
Some times I feel like a puppet
With the strings oh no please go
And tell me where I need to go I'm so confused
With this place that we call home
Why can't I find a main chick that I love
How come all these chicks bussas
And most of em goldiggers
Trying to get my cake
I put em in a pile like I moved with a rake
They trying to roll me with cause
I got real estate bigger then
They dream house and bigger then the lake
A lot of people say
Yung Prince is fake but I'm so real I can't be fake

(Chorus X2)

I'm all alone in this room in the dark
No where to go no where to restart(X3)

Where the light switch put the light on me
It's so dark and smokey man I can't see
Oh I didn't mention dat I like to blow trees
That's a habit that I picked up at fourteen
Imma real dude imma keep doing me and if I don't get
a deal
Then where would I be I gotta keep my head up
And keep making dough I gotta keep packing shows
And making hella dough I'm on the road to success
Yeah I'm finna blow I been on the grind since the age of
13
(Yeah you haters talking but you anit stopping me X2)
My swag game mean ya girl on me a lot of people

Changed see I'm getting money man frick that I'm on
this other shit
I'm gone do me
I don't give no fuck bitch
