She say she love me/ sending mixed emotions/
Claiming I'm the one/ but she sho'll be coasting/
I never thought/ that I would fall in love/
I text her everyday/ followed by no response/
Things change/ over time/ I'm addicted to her love I put
in overtime/
drop what I'm doing/ just to spend some time/
Spend all I got/ make sure she satisfied/ by her what
she need/
hottest Loui V's/ fresh manicures/ then right down to
her feet/
why I do it I don't know I swear she such a tease/
I really an answer/ are we meant to be?/

Chorus (X4)

Imma sucka for her love
I just really need cha love
Tell me what is really up
Ohh--- Ohh---

Another day/ more stress/
A couple missed calls from her/
What's next/ she left a voice mail/
say that she need a ride/ I hit her right back up/
sometimes I wonder why/ everybody she want
something she talk about my
Music/ claiming she listen to it and how her friends
assume it/
I heard it befo/ I anit trippin' though/ because it's
nothing new/
I don't take it personal/ she lovey dovey/
When we out in public/ but when the day gone it's like
she don't think of
It/ leaving me confused/ I'm just being honest/
I'm not complaining though- because my watch is
timeless/
Had to through that in/ a little cockyness/ I can not let
her go/
I might just have to though/ and if emotions show/
It is what it is/ one thing I need to know/ oh wait you
need to know

Chorus (X4)

Imma sucka for her love
I just really need cha love
Tell me what is really up
Ohh--- Ohh---

(Bridge)

Chorus (X4)

Imma sucka for her love
I just really need cha love
Tell me what is really up
Ohh--- Ohh---
