(Chorus)

Soon as I get home- I'm gunna set this thang on fire-
Let the sparks fly(yeah)yeah you know why cause I'm
grown

And you grown anit nothing wrong- getting it on and I
been

Waiting all day to make sweet love to you and when the
smoke clears

In the room anit nothing left but me and you

(Yung Prince)

Right when I get home- we finna get it on

I know you fenin' sending sexy pictures to my phone

With a lil tease (come & get it daddy) I know you

Let the sparks fly(yeah)yeah you know why cause I'm
grown

And you grown anit nothing wrong- getting it on and I

Waiting all day to make sweet love to you and when the
smoke clears
In the room anit nothing left but me and you
