It's been 8 years, 5 months, 6 days, and 9 hours; I've been

In and out of studios and I'm just comin' up

What type of shit that is, on the real I've suffered enough

From niggas stealin' my songs to be locked up 36 months

It's not a front it's realer than real y'all niggas

Think I'm just rhymin' (nah dog) it's bigger than that

Just look where I'm at compared to where I was

Fuckin' wit local minded niggas -- I mean inner-city rappers

Talkin' bout platinum and just forgot about me when it was my shit they rappin'

[BZR Roayle] (Yung Wun)

I can't take it no more (can't take it no more)

I can't take it no more (no motherfuckin' more)

I can't take it no more (y'all motherfuckers betta... no more)

I (no more) can't take it no more (no motherfuckin' more... fuckin' mo fuckin' mo)
