[DMX]

Yea DMX

straight out of ATL

ya' mean

we got Yung Wun choppin that thang baby

once again Swiss Beats Full Surface

[Yung Wun]

Bounce, bounce

when i'm drunk in the club

i might just start some shit

block party in the hood

i might just start some shit

underground downtown

i might just start some shit

gimme the keys to the city

i'ma lock this bitch

they ain't gon take me alive and you can bet that

hit em where the chest at

hit em where the neck at

show me where the rest at

they in the same building livin like a mess pack

four miles where the deck at

bet dat Shorty

you and me gonna ride over to the other side

it's time these muthafuckas die

first make a prank call and get the kids out the house

i ain't tryin to kill no kids

but i'ma turn they lights out

[Chorus 2x: DMX]

AAAAAAHHHH

Tear it up

lemme see you tear it up

all across the board we gon tear it up

keep it bouncin till the beat cut off

we gon rock this muthafucka till the wheels fall off

[David Banner]

Mississippi mutherfucka

pop a dick in your mouth

southside till i die

smokin dro in the drop
i make a bitch gimme money then i'm kickin her out
i spit game to your wife
then we robbin your house
ya'll niggaz love that way that we grippin the grain
if you got it then i want it
i ain't callin your name
just lay it down
fuck boy
like i'm ballin G
you get yo chest in yo lap if you fuckin with me

[Chorus 2x]

[Lil Flip]

You might catch me at the Rose Bowl game
in a 4-door range
with a Rose gold chain
wrapped around my neck
or i might be flashin in a white G-wagon
with my arm out the window
grippin a tech
dawg get it right
i got Houston on lock
i kick it right
i switch the lights every time i buy a drop
homey you got Swiss on the beat
i gotta come with da heat
it's David Banner, Yung wun, and F-L-I-P

[Chorus 2x]
