Must have lost my mind  
when I left you without said goodbye  
I woke with deep regrets  
It's your kind voice that I can't forget  
Oh, though I tried to find a ???  
I'm trapped with my mistakes

Let me in, complete me,  
won't let you down  
Take me back, forgive me  
Release me from guilt

Was not thinking clear  
when I walked out and then disappeared  
I know that I've been blind  
Reminded all the life I left behind  
Now I have to face the truth  
that you were mine to lose

Let me in, complete me,  
won't let you down (won't let you down)  
Take me back, forgive me  
Release me from guilt (release me from guilt)

I won't let you down  
You would never have to live alone  
I won't let you down  
You would never have to spend your life on your own

Let me in, complete me,  
won't let you down (won't let you down)  
Take me back, forgive me  
Release me from guilt (release me from guilt)

Let me in, I will not let you down  
I will stand by your side  
Take me back, forgive me I was wrong  
And release me from guilt  
Release me from guilt
