Maybe when the room is empty,
Maybe when the bottle's full.
Maybe when the door gets broke down,
Love can break in.
Maybe when I'm done with thinking,
Maybe you can think me whole.
Maybe when I'm done with endings
This can begin, this can begin
This can begin.

If you could be my punk rock princess,
I would be your garage band king.
You can tell me why you just dont fit in
And how you're gonna be something

Maybe when your hair gets darker,
Maybe when your eyes get wide,
Maybe when the walls are smaller
There will be more...space

Maybe when I'm not so tired,
Maybe you could step inside
Maybe when I look for things that
I cant replace, I cant replace
I cant replace.

If you could be my punk rock princess,
I would be your garage band king.
You could tell me why you just dont fit in,
And how you're gonna be something.

If I could be your first real heartache,
I would do it over again.
If you could be my punk rock princess,
I would be your heroin.

Well, I never thought you'd last,
I never dream you would.
You watch your life go past,
And you wonder if you should.

You should be my punk rock princess,
I would be your garage band king.
You could tell me why you just dont fit in,
And how you're gonna be something.

If I could be your first real heartache,
I would do it over again and over again
If you could be my punk rock princess,
I would be your heroin.

Whoa! you know!
You only burn my bridges
Whoa! you know!
You just cant let it sink in!
You could be my heroin,
You could be my heroin!
