[Hook - 2x]

Coast to coast block to block, city to city and rock for rock

Coast to coast block to block, city to city and rock for rock

(hood to hood gang to gang, gangstas out here doing they thang

On they block trying to get they change, keeping them haters out they range)

[Diamond]

Hit niggaz the realest, from west Tex to NY

Spit it, from Best I to C-H-I

For the motherfucking gangstas, and all them niggaz with the throwbacks

Keeping these niggaz up on they toes, till the do' stack

Lace tracks and I rope the block, and switch whips like a parking lot and then I park the drop

Pick up cash and mark the spot, and move do' like a armored truck

I got niggaz that'll stash the dope, ese partnas that'll slash your throat

Get stashed in the back of a boat with a knife and slug in the back of your coat, if you brag or you boast

Moving from coast to coast block to block, city to city and rock for rock

We international drug smugglers, and give a fuck if you like it or not

Pyrex in a pot got the hood on lock, got the streets on blaze no sleep for days

The world in a daze and the fiends amazed, first one in line when the fiends get paid

Nigga how you think the crib look so damn laid, how you think I'm pushing a quarter to eight

I'm a jazzy bitch and I'm in love with the do', and every nigga I know in love with the dro

Some go for blow some pop X, bring me the cash don't take no checks

Pack my tech strap my vest, give it to you raw if a nigga want plex

Bet a bitch won't flex and cross me wrong, cause your

girl got heat not just for the song
I'm a bitch to the bone international, ship weight all the
way to the capital

[Trae]

They don't really wanna know, how the fuck I feel
Cause Trae, will put em back up in a zone
For the hood that I roam, I'll run up on a nigga like what
it was
And dump, till I hit him with the chrome
They don't wanna get it on, cause I promise I'm raw
with mine
Pocket full of stones, like a king that's underground
A.B.N. gang, so you haters move around
King of the streets, I'll put you up under mine
Get out of line, and I can show you who the Truth is
Everybody, wanna know about Trae
Get a clip for the K, in the back
For the work on the block, I can show a nigga crime pay
Better get up out the way, me and Diamond coming up
right behind em
Pulling up in a slab, with fifth wheels reclining
Best not to try em, homie I can remind em
Fuck around with me, and I promise they'd never find
em
They wanna doubt, but I prove a nigga wrong
Whoop niggaz ass, like Shot whip zones
Rip niggaz up, like I rip songs
In a black whip, with the top of it gone
You see, I'm Screwed Up Click for life
Fat Pat, and the H.A.W.K.
Keke Po-Yo and the rest of the squad, some ride red
some ride blue-grey
Who is the Truth that gotta be Trae, either way it go
niggaz know I don't play
Southwest be the only place I'ma stay, burner in reach
wherever that I'ma lay
Coast to coast ghetto to ghetto, better know I'm a
Asshole type fellow
Hit em from the jump till my hands say let go, Texas
nigga and that I'ma let show

[Hook - 2x]

[Diamond]

Down with Trae to hit the tre with the yay, and they
know we got it raw got em sitting sideways
Seats laid back with the boys in a daze, sip a lil' drank
with a lil' bit of haze

Never leave the house without some'ing to blaze, got
the hood sitting still like cars at fo' ways
My boy Big Dame can get it in fo' ways, I'm a D3 repper
I do it to get paid
More work than old slaves so I hit the block with
some'ing hot, anybody try to jack get popped with
some'ing hot
I do it for the hood so you know it don't stop, from the H
to the flats in the Lex or the drop
We hit a lot of blocks so the wrist stay icy, couldn't
care less that the bops don't like me
Studio tonight so you know we getting icy, and this is
where we going with the work you can find me
