she loves me she loves me she loves me  
a love from outer space  
it's true  
i know where she's coming from  
space is where we both belong  
got to tell her in this song  
this time, love, we can't go wrong  
she comes arriving via space express

meet the girl who (?)  
(?) guest  
just can't wait for her caress  
she comes from milky way  
she's come to earth on my birthday  
(?)  
(?)  
shalalalalalala hey  
she loves me she loves me she loves me  
a love from outer space
