[Verse 1 - Trae]

I woke up early this morning  
But all I can think about is what keep me going  
And it ain't no denying the fact I gotta ride for the ones  
who love be showing  
July the 3rd you gave birth to the man I'am today  
And I probably go insane if life ever took you away  
I remember like yesterday you use to be my best friend  
No matter what I did you're be right by my side in the  
end  
If you need it I got it ain't no question about it  
We struggled all off our life but now it's time I get you  
about it  
Mama I promise to god I ain't never leaving your side  
And everytime I see your face you give me the smiling  
inside  
You mean the world to me and ain't nobody gon'  
jeopardize that  
You the main reason I'm alive I can't never forget that  
Debra Denise who ever thought that we will get to see  
this day  
Your son been grinding it for years and now we finally  
on his way  
To be something that'll make your proud  
I bet we never seen it coming  
Plus I got a chance to showing  
To a very special woman  
Love you ma

bout you  
Like everyday all I know is that I never wanna be without  
you  
Since July the 23rd the day you came to this earth  
I finally got a son on my own only the lord know what  
you worth  
I might like get to be around you 50 percent of my time  
You better believe every percent of my time you be on  
my mind  
Lil' daddy you some special just like the day that I met  
you  
I'm a be there whenever you call and the time that I'm  
gon' regret you  
I was the first to see you smile and you don't know how  
much it meant  
Can't let nobody take you from me cuz I know you  
heaven sent  
Everytime you make a sound I laugh and look you in  
your eye  
And your ways seem like you fly  
And that's a trip it ain't no lie  
I can you see rapping like daddy or maybe even  
playing sports  
Either way you gon' be pimp if they don't like it take us  
to court  
Meanwhile I thought I let you know that your daddy  
appreciate you  
From turning my dark to light and it was a blessing I  
couldn't creat you
