about how skateboarding is a crime
Why don't they just deal with the bigger problems in
life
Why don't they just stop putting us under the knife
Chorus: 4x's
Ban 'em all
Kill 'em all
Destroy them all now
What does it matter if we dye our hair pink
What does it matter if we stain our skin with ink
They wonder what led us to use such force
They wonder what led us to take this course
(Chorus)
What does it matter if we dye our hair pink
What does it matter if we stain our skin with ink
They wonder what led us to use such force
They wonder what led us to take this course
(chorus)
