Are you sleeping

Brother John

If you feel the weeping

Brother John

Please won't you hear me

Brother John

Just wait and see

Brother John

Can't you see by the will of your hand

You can give it a try and just name your price

And everybody in this rock & roll band

Don't wanna preach don't wanna give advice

But the music's playing and all we're saying

Is come along and jam

And it's hard to be believed what can be achieved

With an outstretched hand

Are you sleeping

Brother John

If you feel the weeping

Brother John

Please won't you hear me

Brother John

Just wait and see

Brother John

The things that hurt just won't go away

But neither will we

Doesn't really matter either way cause you're all you
need

To set yourself free

It may sound hard but it's just a start

To ride that wind

And you ain't Peter Pan you're just a man

You'll get there again

Are you sleeping

Brother John

If you feel the weeping

Brother John

Please won't you hear me

Brother John

Just wait and see

Brother John

Are you sleeping

Brother John

If you feel the weeping

Brother John

Please won't you hear me

Brother John

Just wait and see

Brother John

Just wait and see

Just wait and see

Just wait and see

Just wait and see

Won't you rise and shine

Won't you rise and shine

Won't you rise and shine

Won't you rise and shine

Won't you rise and shine

Won't you rise and shine

Won't you rise and shine

Won't you just wait and see
