Sue him now and I'll tell you how

He's gonna milk like a cow

And if you wanna fill a bucket

Simple as pie of you care to try

Just look him in the eye like you're high

And you wanna die to cry

Fuck it

He's stuck it

Where it's ripe and i can pluck it

And it's a jewel

And it's cool

And hell i ain't no fool to school the rule

Business as usual

The system never fails

Everybody's constitutional

Bargain back room sale

Bought and sold don't you catch a cold

It's going around I'm told

And it's survival of the healthy

Early to rise gonna win a prize

It's the other guys who realize

Their demises' size will fantasize  
I'm stealthy I'll be wealthy  
But they deny with a lie  
As they try to sigh their sly good-bye  
To like it or lump it  
And if it's back is turned  
Then jump it so pump it out  
Business as usual  
The system never fails  
Everybody's constitutional  
Bargain back room sale  
Like it or lump it  
And if it's back is turned  
Then jump it or bump it or pump it  
Have your tea and crumpet  
On a stump it  
Doesn't matter to me you see  
If I can let it be the I'm free  
In the sea of my destiny  
And that's key for me  
You know chi for me  
And if robbery is chivalry then c'est la vie  
Or c'est la guerre  
Let the buyer be ware the fare  
And if you dare to bear the air to care

Then something is there  
But if it's bought or leased  
Let it be deceased  
With the beast released  
Then the palm is greased  
And we can gather for the feast  
Business as usual  
The system never fails  
Everybody's constitutional  
Bargain back room sale  
Business as usual  
The system never fails  
Everybody's constitutional  
Bargain back room sale
