With an air of indignation
Smiles a painted porcelain face
And we're supposed to trust this
Decorum has its place
But you and I beyond that
With a question I might ask
How suddenly the smile doth crack
When we slip beneath the mask
-

CHORUS:

And they're fallible
Yeay they're fallible
And we hold up a mirror
And we hate what we see
And we keep on trekking westward
Infallibly
-

God I wanna touch you
In the place you wanna hide
Dare you to come after me
Commit my "narcisside"

Punishing the guilty

Was never the intent

I just busted out of prison baby

That's really where I went

-

(CHORUS)

-

In the name of all the power That's centered in your
hand

If you crave some revolution

Take possession of your stand

It's the only one you'll get to make

In a moment come and gone

So do your best to stay awake

And own the path you're on

-

Cause you're fallible

Yeah you're fallible

And we hold up a mirror

And we hate what we see

And we keep on trekking westward

Infallibly

-

Infallibly

-

..Forgiving nothing
