When all is said and done

I wish I needed no one

Never was up to me

Just something in her way that sets me free

It seems so easy

And yeah I try to pay attention

But there's only four things running through my mind

How hard will it be if she is nice to me?

How bad will it get if I let her get to know me?

Should she see the willing dog or should i be a jungle cat?

And most of all my god how does she make her eyes do that?

And i dont need another girl inside my head

Girl inside my head

Johnny be brave I say inside

As i won't take a bite from an apple that she gave me

But that's not what i'm after

Still all along my mother's voice singing "treat her like a lady"

And yeah i try to pay attention

But there's only four things running through my mind

(chorus repeats)

I'm not the only one to write her letters

It doesn't matter anyhow

The question isn't if, but...

(chorus repeats)
