if ever you are feeling like your tired
and all your uphill struggles leave you headed downhill
if you realize your wildest dreams can hurt you
and your appetite for pain has drinken its fill
i ask of you a very simple question
did you think for one minute that you are alone?
and is your suffering a privelege you share only?
or did you think that everybody else feels completely at home?

Chorus:

Just Wait.....Just Wait.....Just Wait.....And It Will
Come

if you think ive given up on you,your crazy
and if you dont think i dont love you well then your just
wrong
in time you just might take to feeling better
Time is the beauty of the road being long
i know that now you feel no consolation
but mebbe if i told you and informed you out loud
i say this without fear of hesitation
i can honestly tell you that you make me proud

Chorus

if anything i might've just said has helped you
if anything i might've said helped you just carry on
your rise uphill may no longer seem a struggle
and your appetite for pain may all but be gone
i hope for you and cannot stop at hoping
until that smile has once again returned to your face
theres no such thing as a failure who keeps trying
coasting to the bottom is the only disgrace

Chorus
