I wont need a gun
To put an end to this
All I wanted was to lose myself
All I wanted was to have some fun
I wont need a gun
I will just stick to you
Just treat me like you always do
You know that you have already won
Don't have to find you
I know where you are
I don't see you
But I can feel you
I wont need a gun
To put an end to this
Youre punching a hole from inside
Youre making your way tom my mind
I wont have to hide
I will just stick to you
Just treat me like you always do
You know that you have already won
I wont need a gun
Don't have to find you
I know where you are
I don't see you
But I can feel you
Go on kneel
And Im on my knees
