she's the itch inside my chest  
she's my mistress and i'm hers for she  
cramps and holds on tight  
oh god i am the one  
i must run tonight

she takes advantage of me now  
she's a parasite and i play the part of the devastated  
host  
i know that is the part she loves the most

can i get out when i'm already trapped  
it's a solution to this i must find  
but i don't know how  
oh i am lost without it but still  
i really really need a way to get out  
but i don't know how

she's the itch inside my chest  
she's the reminder of my other sides  
the whisper in my head  
she's comfort in my bed  
i run tonight  
i hope for someone to take me in  
i hope for someone who will hold me tight despite my  
different sights  
oh god i hope that i can be safe tonight

can i get out when i'm already trapped  
it's a solution to this i must find  
but i don't know how  
i know i'm lost without her but still  
i really really need a way to get out  
but i don't know how

can i get out when i'm already ...  
it's a solution to this i must find  
but i don't know how  
well i'm lost without her but still  
i really really need a way to get out  
but i don't know how
