One day...wicked smile
Reflexion in the mirror, MONSTER of myself
Hey cunning boy! Stop being such a goody-goody
It's time to blow up your fuckin' rage

Your life is sick & twisted
Boiling blood is all dead & frosted
Make yourself like a nuclear bomb
Let me hear your dead blood shout!

Let Me Know!
Let Me Know! More lies!
Let Me Know!
Don't be a fool
Just do it as you feel

What is your target? What is your reason?
Find your emotion & speak out realism
And that's fine, believing all the lies
Cuz you're gonna flowers 'em back with cynical eyes

Your life is full of ignorance
Even if you're dead life still goes on
flowers all heroes & be a hero yourself
Don't trust anybody, you know what I mean

yami wo daite fukaku saa ochite
soko de kage ni aeru sa

Go!

I never had you in obsession
You're just born with it, it is not a fuckin' option.
You never had such an ego
No more control of your mental & physical self

Your life has been full of hatred
You're not an angel or an innocent priest
Don't wanna unveil your nasty face at all
Then do as you like cuz I don't give a flowers

Let Me Know!
Let Me Know! More lies!
Let Me Know!
Let me show you what you've got inside
Let me tell you there's no place to hide...flowers!!

hikariã€ubau yume ni saa ochite
uso ga subete hagareru
