Midnight, I watch you as you're sleeping  
You don't know that I'm leaving my bag is packed to go  
Oh, no, no, no, it hurts me, hurts me so to leave you  
Leaving for someone who I hardly even know

But time is come to say goodbye  
To spread my wings and fly  
To feel the need I feel inside

But I keep feeling these love pains  
Hurting me through and through, caught between a  
lover or two  
Oh, will I ever be free from these love pains?  
Tearing me all apart 'cause I don't wanna break your  
heart  
Oh, will I ever be free from these love pains?

Can't help, can't help but remember the love we had so  
tender  
A world so safe and sound  
Oh no, no, no, what is this? Temptation so inviting  
A feeling so exciting has turned it upside down

Oh and though, I know I could be wrong  
This feeling's much too strong  
I got to be where I belong

But I keep feeling these love pains  
Hurting me through and through, caught between a  
lover or two  
Oh, will I ever be free from these love pains?  
Tearing me all apart 'cause I don't wanna break your  
heart  
Oh, will I ever be free from these love pains? Oh no

Love pains  
Hurting me through and through, caught between a  
lover or two  
Oh, will I ever be free from these love pains?  
Tearing me all apart 'cause I don't wanna break your  
heart  
Oh, will I ever be free from these love pains?

Hurting me through and through, caught between a  
lover or two  
Oh, will I ever be free from these love pains?  
Tearing me all apart 'cause I don't wanna break your  
heart
